Address: Kailash Dham sector 50 noida

Education

JIIT Noida (2026)

Course: Bachelor of Computer Science Engineering | GPA: 9.3

DPS Noida (2022)

Course: Science | GPA: 9.8

Experience

Open Source Contributor - Sugar Labs (Feb-Apr 2024)

Contributed to Sugar Labs by fixing bugs and adding features to enhance usability. Worked on dbt LLM tools and collaborated on a Rag-based chatbot to answer user queries related to dbt databases.

Technical Coordinator - OSDC (July 2024-Present)

Managed a team to organize hackathons, events, and talks, successfully engaging over 80 participants in open-source projects.

Management and Public Speaking - Multiple Organizations (January 2023-Present)

Organized literary festivals and participated in debates, enhancing communication skills and gaining experience in managing large events such as PyDelhi with over 600 attendees.

Projects

Omilia

Developed an educational platformer game using Python and Pygame for autistic children to aid language learning.

Finwiser

Created a comprehensive financial management tool leveraging Python, Numpy, Matplotlib, and Streamlit to provide users with financial news, expense tracking, and loan calculations.

SignSense

Implemented a sign language detector utilizing Python, OpenCV, Mediapipe, and TensorFlow.

Achievements

OSDHack Winner

Achieved first place in a hackathon with over 1000 participants.

CodeJam Winner

Secured first place in a hackathon among 200+ competitors.

IIT'D JAM Semi-Finalist

Reached the semi-finals in a 'Just a Minute' competition at IIT Delhi.
